

Number '4' is a Hunt Bros. bull that was being shown at Kansas City for the 20-Grand sale. I had run this bull up and down the lane each morning for about 40 days prior to going to Kansas City to get him [and me] in shape. He was Reserve Champion sale bull. I'd had Bud [who was living in St. Joseph, Mo.] hire a Kansas City Chiefs cheerleader to lead this bull through the sale ring. The sale was held at the AHA headquarters and the bulls were trucked there for the sale. When this gal showed up, she was about 15 and homely as a clock. Bud gave her 30 dollars and sent her on her way.
